

Support at Home

This is a new service for patients who are being discharged from Leighton Hospital this winter. The service is free and is available for people who live in the South Cheshire or Vale Royal area.

The service can help with befriending, help with shopping, community transport, money advice, keeping warm, and keeping well. We work with a wide range of partners to make sure that people can access help to live at home.

To refer a patient to the service please:
